We **Ocean Blue Diamond Trading Establishment (OBDE)** have been acquainted with **Jubail International Laboratories** for more than 1 years, in capacity as a Quality and Food Safety Laboratory, they completely overhauled and optimization our Food Safety Management System (ISO 22000) demands and needs with grate responsibility.

We OBDE believe, Jubail International Laboratory inputs are largely responsible for the dramatic increase our food safety and quality, and for the resulting increase in profits for the business.

Jubail International Laboratories Team is easy to work with, thinks creatively, and effectively communicates with their ideas and recommendations. JIL has been a true game-changer in identifying and enhancing the areas of our performing in quality and food safety, and thus JIL has my highest in recommendation and we feel confident.
